	<u>Salesian School</u>	Salesian School is a Mainstream Co-educational Catholic Secondary Comprehensive School. 	Questions	School Response
1	How does Salesian School know if young people need extra help and what should I do if I think my child may have special educational needs or a disability?	The progress of all students is monitored regularly through half termly assessment by Tutors, Subject Teachers, Heads of Departments and the Leadership Team so that when a student is not making expected progress in a particular area of learning the school can identify the need for additional support. This will then be discussed with parents/carers and the student concerned. If parents/carers have concerns about the progress or attainment of their child they should in the first instance make an appointment to speak to the Form Tutor/class teacher to discuss their concerns or alternatively they can speak to our Special Needs and Disability Coordinator (SENDCo).
2	How will Salesian School staff support my child?	When the school identifies the need for additional support to enable a student to make expected progress the parents/carers will be invited to a meeting at the school with the SENDCo to discuss a plan of support.

		<p>This individual provision plan will detail what sort of provision is in place, what outcome is expected, who is providing it and for how long.</p> <p>The child is expected to also take part in their planning and their view is central to the discussion.</p> <p>Our School Provision Map shows the range of interventions in place in our school which will be used where we identify students who will benefit from these interventions.</p> <p>All the intervention programmes we use are evidence based and known to support students to make increased progress. We will monitor the progress of all students receiving additional support to ensure that the provision we have put in place is having the impact we are expecting through half termly assessment and reporting and at the end of each intervention if appropriate.</p> <p>Governors are responsible for monitoring the effectiveness of the provision in place for students identified with SEND and they will receive a report from the SENDCo on the progress of students with SEND.</p> <p>The child discusses with the SENDCo what they feel are their needs and how this impacts on them accessing the curriculum.</p>
3	<p>How will the curriculum be matched to my child's needs?</p>	<p>All teachers are provided with information on the needs of individual pupils so that they can plan the learning within our curriculum to ensure that all students are able to make progress. If, for example, a student has Speech, Language and Communication Needs teachers will use simplified language and pictures to support them to understand new vocabulary.</p>
4	<p>How will both you and I know how my child is doing and how will you help me to</p>	<p>Parents/carers will be contacted to discuss progression and if any further support is required. Contact will be made at the end of each half termly intervention. This support the parents/carers in knowing how they can help their child at home.</p>

	<p>support my child's learning?</p>	<p>During this discussion we will share the progress your child is making and share ideas about how we can together help them to do even better. The child will be required to attend and share their views on their experience and forward planning.</p>
<p>5</p>	<p>What support will there be for my child's overall well-being?</p>	<p>All students are supported with their social and emotional development through the curriculum.</p> <p>Students with identified SEND are mentored regularly by members of the SEN team with all students with an EHCP having an allocated key worker.</p> <p>Students with SEND are invited to come to a safe space at break and lunchtimes.</p> <p>Students with SEND are invited to attend a Homework Club Monday to Thursday where support is available to help them.</p> <p>Small groups are offered to develop self-esteem and social confidence.</p> <p>Attendance is closely monitored on a daily basis and monitored through regular meetings with Heads of Year and SEND team.</p> <p>Salesian School operates a robust Behaviour Policy.</p> <p>Support is offered through pupil passports to minimise exclusion and maximise individual class teacher understanding of individual students special educational needs.</p> <p>Children are supported in asking for help should they need it.</p> <p>The students are actively encourage to report any incidents of bullying or perceived bullying to any member of staff or via email contact. 		The SENDCo's from both provisions meet early to discuss needs and smooth transitions. The SENDCo meets with parents to discuss needs ahead of admission.
11	How are the Salesian School's resources allocated and matched to children's special educational needs or disabilities?	<p>Children are offered an LSA support package at a level reflective of their needs based on their progress.</p> <p>A tailored package of support is carefully matched to each student's needs as they evolve.
